

TRAILBLAZER REQUIREMENTS

Please make or save a copy of this page for each Trailblazer participant. Submit all forms at the 10-day out meeting.

Place a checkmark in the appropriate boxes to indicate the requirements the Scout has completed prior to camp. This information will be used to group participants into patrols with others who need to complete similar requirements.

Please note, this is a list of requirements that MAY be completed at camp. The staff will work with each participant to try to advance them as much as possible within the confines of the program and the time available.
