To make sure your reservation goes smoothly, here are some important points and tips:

1. Call our reservation number on April 1st 2005, between 8:00 A.M. and 6:30 P.M. Central time. If the line is busy, please keep trying. The phone lines usually quiet down in the afternoon. We will not fill during the first day! After April 1st, we will take reservations during our normal hours of 8:00 A.M. and 4:30 P.M.

2. We do not accept fax or e-mail reservations for several reasons-
   - Occasionally faxes and e-mails do not transmit correctly. You may think you have made a reservation that we have no record of.
   - Secondly, it is very important to talk to you directly. Then we can give you a verbal confirmation that the dates you have requested are available or help you make changes if your original dates are not available.

3. Be prepared with the following information when you call -
   - Which base you wish to attend (Charles L. Sommers in Ely, MN; Donald Rogert in Atikokan, Ontario; or Northern Expeditions in Bissett, Manitoba)
   - How many crews you will be sending (see brochure for details)
   - Several choices of arrival dates
   - Trip length preferred (6 to 10 days)

4. When you call in, your crew(s) will be assigned a crew number and letter

5. After you have made a tentative reservation with us over the phone, you must fill out the reservation form (with your Scout Executive’s signature) and mail the form to us with a $300.00 per crew deposit. The deposit is non-transferable and non-refundable.

6. If we do not receive the reservation form and deposit within three weeks, your reservation will be subject to cancellation.
